

## **SOUL LIGHT - THIRTEEN**

### **THE WAY FORWARD**

The Way forward is to stay still. This is how we find Self.

The Way forward is to go nowhere except within. This is how we embrace Self.

This seems crazy in a crazy world that looks to others for approval – but only because many people have forgotten their innate greatness.

The Way forward is to surrender our personal Will. This is how we find Soul.

The Way forward it to renounce our personal Salvation. This is how we embrace Soul.

This, too, seems sheer madness in our world of sheer madness – but only because we confuse our ego with our Real Being.

The Way forward is to deny material reality. This is how we find Awareness.

The Way forward is to embrace perpetual resurrection. This is how we embrace Awareness.

This seems madness in our world – but only because our world is facing the wrong direction.

The Way forward is to deny our personal Existence. This is how we find God.

The Way forward is to do nothing. This is how we embrace God.

Nothing sounds wackier in our wacky world – but only because the choice is so simple.

The madness – or the Love?

The insanity – or the Truth?

The illusion – or the Divine?

The delusion – or the Bliss?

The choice is yours – but there's no need to choose!

Therein lies the greatest secret of all!

Love and Blessings!
